Camp Staff

The success of any child's camping experience depends upon who is leading the way. Over 40 people comprise the staff at Triangle Y Camp. Much time is spent searching for individuals with just the right qualifications to give campers the best possible experience.

We know how important it is that the people who work with the kids be the best role models available.

Staff members are selected for their ability to work with kids, their maturity, patience and spiritual depth. They undergo professional and in-depth training prior to the camp season. Under YMCA direction, many innovative ideas have been implemented both in facilities and programs. Triangle Y has become a leader in the field of resident camps.

Camp Scholarships

Through generous donations financial assistance is available through our Campership program. It is our goal to never turn a child away due to an inability to pay the fee. Call the YMCA for more information.

Trading Post Camp Store

Our Trading Post is a general store that is open at select times during each camp session. Campers may choose snacks during their assigned times each day. Our Trading Post will be providing a variety of items. Campers will be allowed a limited amount of candy and pop. The majority of our items will be healthy snacks.

For security and convenience campers are not allowed to have spending money at camp. Trading Post is included in the registration fee, so every child will have equal access when they arrive.

There will be a variety of souvenir and snack items for sale at the time of check in check out.

We do not allow possession or use of tobacco products, alcohol, illegal drugs or weapons. Health History Form

At the heart of everything is the safety of each individual we serve. The staff are trained in CPR & first aid procedures, lifeguards and tower staff are certified, and our on site Health Specialist treats minor ailments in our well equipped health lodge. A doctor and emergency room is available 24 hours a day and is only 10 miles away.

If your child will require any medication while at camp, please indicate it on your health form that is enclosed in this packet. All medications must be turned in at Camp check-in to be administered by our Health Specialist. Campers are NOT allowed to keep medication, prescription or non-prescription, in their cabins. Violation of this will result in your child being sent home from camp early.

In the event of illness or accident requiring medical attention we will attempt to contact parent/guardian first. Medical facilities are available in Garrison. Medical expenses are the responsibility of the camper's family.

The health history form must be completed and returned to the YMCA in Minot at least 2 weeks prior to your child attending camp. The parent's authorization must be signed before your child can be admitted to camp. If you have any doubt that the camper is not in good health please have the camper checked by your physician and attach the report to the health form.
